

## Family Talk– Conviction

### READ TOGETHER

---

#### Daniel 6:1–23 (NLT)

1. What stands out from these verses for you?
2. When was the last time you gave God praise?

### LIVE IT

---

You never know who's watching you. Daniel was doing such a good job that others wanted to find a way to blame him for something, but they couldn't find anything. *He was faithful, always responsible, and completely trustworthy.* The other administrators and high officers had to make up a crazy law that wasn't fair or right. But Daniel did something that we can all strive to do, he didn't complain about it. He took it to God.

As a family write down a list of things that aren't fair. Try not to complain about them, just list them. Then go down the list and give each one of them to God.

### LEAN ON GOD

---

Dear God,

Thank You! You do so much for us, and we don't even realize all that You do. When life doesn't seem fair, help us replace complaining with conversations with You. We give today to You. Please be with us wherever we go, and may You be our first and last thought today and every day.

Amen.
