

## Family Talk – A New Revolution

### READ TOGETHER

---

#### Romans 12:3–8

1. We must exercise our faith individually and as a team (vs. 3–5). Which of these do you struggle with more? Why?
2. What gift has God given you to share with others?

### LIVE IT

---

Reading the Bible and knowing facts about Jesus is good, but His Word can transform our lives so we can connect with Him like a friend, enjoy obeying Him because we love Him, and live out His desires because they become our desires.

It's the end of 2017 and your family has an opportunity to create a plan for the upcoming year. What practical steps will you take towards growth in your understanding of the Bible and God's desire for the world? How can you further His interests in your neighborhood, church, job and school? How has God provided new life for you through Jesus?

Make 2018 a year of continual growth and consistent reflection on the promises made available to us through the gospel of Christ!

### LEAN ON GOD

---

Dear God,

Thank You for what you accomplished in my life and in the life of my family this year. God guide us as we make plans to grow closer in our relationship with You. God give us courage to make changes that seem impossible, and remind us of Your Son's power in us throughout this year.

We love You.

Amen.
