

Family Talk– Courage

READ TOGETHER

Daniel 4 (NLT)

1. What does Daniel teach us about how we should talk to people when they're living in a way that doesn't please God?
2. Is there anyone in your life who may need to hear the truth and how it's affecting their relationship with God?

LIVE IT

What we say and how we say it matters. Some people like to say what they think, and don't worry about how it makes others feel. Others are afraid to say what's on their mind because they don't want to rock the boat. Either way, we can learn a lot by the way Daniel talked to Nebuchadnezzar.

God may use us to talk to people who aren't living the way He wants them to live. We need to make sure we speak the truth and do it in a way so others will listen. It's a big responsibility, but God will provide everything we need when we follow Him!

LEAN ON GOD

Dear God,

Thank You for using us to speak truth to other people. It may not be fun, but we know if we follow You, You'll provide us with the right words and the right attitude so others can hear. Help us trust You.

Amen.
